

Document 01: Enterprise Security & Endpoint DLP Audit Registry

Classification: Strictly Confidential | Ref: APEX-AUDIT-2026-Q3 | Version: v5.1.0

Document ID: APEX-REG-01-SEC	Effective Date: Sept 11, 2026	Audit Target: Endpoint DLP & CASB Inline Engine
Assigned Custodian: Elena Rostova	System Lead: Marcus Vance	Review Status: Approved for Production Audit

1. Executive Summary & Policy Scope

This document records technical telemetry, inspection rules, and security enforcement triggers across corporate endpoints and CASB proxies. The audit evaluates real-time data loss prevention (DLP) classifiers, machine learning optical character recognition (OCR) models, and generative AI guardrails.

2. Evaluated Policy Profiles & System Rules

Profile Code	Inspection Module	Target Payload	Detection Method	Action
POL-DLP-101	Endpoint Agent	Source Code (Python, Rust, C++)	AST Parsing & Heuristics	BLOCK & ALERT
POL-CASB-204	Inline Web Inspection	PII / Identity Datasets	Contextual Regex + ML	BLOCK
POL-ATP-309	Threat Protection	Distorted Sensitive Images	CNN Deep Learning	INLINE DROP
POL-AI-405	GenAI Prompt Guard	Prompt Injections	LLM Intent Classifier	WARN & JUSTIFY

3. Key Personnel & Stakeholders

Shared Security Governance Board & Cross-Document Contacts

The following key stakeholders, technical evaluators, and system leads are mapped across all operational registries, DLP inspection matrices, and cloud governance policies:

Full Name	Enterprise Email	Role / Designation	Department	Security Clearance
Marcus Vance	mvance@apex-defense.net	Principal Cloud Security Architect	Enterprise Architecture & SSE	Level 5 - CISO Advisory
Elena Rostova	elena.rostova@apex-defense.net	Lead DLP & Content Inspection Specialist	Information Governance & Privacy	Level 4 - Data Custodian
David Chen	dchen@apex-defense.net	Director of Information Security	Global Risk & Compliance	Level 5 - Executive Lead
Sarah Jenkins	s.jenkins@apex-defense.net	Senior Threat Analyst	Security Operations Center (SOC)	Level 3 - Incident Responder
Tariq Al-Mansoor	talmansoor@apex-defense.net	Lead Infrastructure & Network Engineer	Core Network Engineering	Level 4 - Network Admin
Rachel Sterling	rsterling@apex-defense.net	Senior Compliance Officer	Legal & Regulatory Affairs	Level 4 - Audit Lead
Hiroshi Tanaka	htanaka@partner-cloudsec.io	Principal Integration Consultant	Professional Advisory Services	External Security Partner
Amara Okafor	aokafor@apex-defense.net	Junior Endpoint DLP Assessor	Security Assessment Operations	Level 2 - Auditor
Lucas Alvarez	lalvarez@partner-cloudsec.io	Cloud SSE Solutions Engineer	Partner Technical Enablement	External Specialist
Priya Sharma	psharma@apex-defense.net	Generative AI Guardrails Specialist	AI Safety & Governance Unit	Level 3 - Evaluator

Document 02: Cloud Infrastructure & CASB Network Topology Blueprint

Architecture Specification | Ref: APEX-NET-2026-V2 | Zone: APEX-CLOUD-PROD-WEST

Document ID: APEX-REG-02-ARCH	Release Date: August 30, 2026	Architecture Lead: Marcus Vance
Network Ops Lead: Tariq Al-Mansoor	Integration Lead: Hiroshi Tanaka	Status: Active Baseline

1. Cloud Infrastructure Overview

This specification details the architecture, traffic steering policies, and cloud SSE proxy integration across corporate infrastructure. All outbound web and SaaS traffic is encapsulated through IPsec/GRE tunnels to enforce inline TLS decryption and DLP inspection.

2. Network Segment & Gateway Specifications

Segment Name	Primary Gateway IP	Tunnel Protocol	Decryption Mode	Bandwidth
HQ-Primary-DC	192.168.100.1	GRE IPsec Primary	Full TLS 1.3 Inspection	10 Gbps Direct
Branch-EMEA-Edge	192.168.200.5	IPsec Tunnel	Selective Decryption	2 Gbps Primary
Remote-SWG-Cluster	Dynamic Anycast IP	Client Steering Proxy	Full DLP Inspection	Dynamic SaaS

3. Key Architecture Stakeholders & Contacts

Shared Security Governance Board & Cross-Document Contacts

The following key stakeholders, technical evaluators, and system leads are mapped across all operational registries, DLP inspection matrices, and cloud governance policies:

Full Name	Enterprise Email	Role / Designation	Department	Security Clearance
Marcus Vance	mvance@apex-defense.net	Principal Cloud Security Architect	Enterprise Architecture & SSE	Level 5 - CISO Advisory
Elena Rostova	elena.rostova@apex-defense.net	Lead DLP & Content Inspection Specialist	Information Governance & Privacy	Level 4 - Data Custodian
David Chen	dchen@apex-defense.net	Director of Information Security	Global Risk & Compliance	Level 5 - Executive Lead
Sarah Jenkins	s.jenkins@apex-defense.net	Senior Threat Analyst	Security Operations Center (SOC)	Level 3 - Incident Responder
Tariq Al-Mansoor	talmansoor@apex-defense.net	Lead Infrastructure & Network Engineer	Core Network Engineering	Level 4 - Network Admin
Rachel Sterling	rsterling@apex-defense.net	Senior Compliance Officer	Legal & Regulatory Affairs	Level 4 - Audit Lead
Hiroshi Tanaka	htanaka@partner-cloudsec.io	Principal Integration Consultant	Professional Advisory Services	External Security Partner
Amara Okafor	aokafor@apex-defense.net	Junior Endpoint DLP Assessor	Security Assessment Operations	Level 2 - Auditor
Lucas Alvarez	lalvarez@partner-cloudsec.io	Cloud SSE Solutions Engineer	Partner Technical Enablement	External Specialist
Priya Sharma	psharma@apex-defense.net	Generative AI Guardrails Specialist	AI Safety & Governance Unit	Level 3 - Evaluator

Document 03: Threat Intelligence & Advanced Threat Protection Report

Threat Simulation Report | Ref: APEX-ATP-2026-M9 | Scope: GenAI & Inbound Payloads

Document ID: APEX-REG-03-ATP	Assessment Period: Q3 2026	Lead Threat Analyst: Sarah Jenkins
Privacy Lead: Elena Rostova	CISO Oversight: David Chen	Severity Level: High Preparedness

1. Reverse Payload & GenAI Threat Assessment

This report documents controlled adversarial threat simulations designed to test real-time stream inspection and reverse payload interception. Evaluation datasets included benign EICAR anti-virus strings, distorted sensitive document captures, and simulated discovery scripts.

2. Threat Vector Assessment Matrix

Threat ID	Vector Domain	Simulation Payload	ATP Result	Latency
SIM-EICAR-101	GenAI Stream Download	EICAR Standard String (68-byte)	DROPPED MID-STREAM	10 ms
SIM-IMG-204	Distorted Visual Exfil	Blurred ID / Passport PNG	BLOCKED (CNN MODEL)	38 ms
SIM-SCRIPT-309	Host Reconnaissance	Mock PowerShell Discovery	FLAGGED & LOGGED	15 ms

3. Assigned Incident Response Contacts

Shared Security Governance Board & Cross-Document Contacts

The following key stakeholders, technical evaluators, and system leads are mapped across all operational registries, DLP inspection matrices, and cloud governance policies:

Full Name	Enterprise Email	Role / Designation	Department	Security Clearance
Marcus Vance	mvance@apex-defense.net	Principal Cloud Security Architect	Enterprise Architecture & SSE	Level 5 - CISO Advisory
Elena Rostova	elena.rostova@apex-defense.net	Lead DLP & Content Inspection Specialist	Information Governance & Privacy	Level 4 - Data Custodian
David Chen	dchen@apex-defense.net	Director of Information Security	Global Risk & Compliance	Level 5 - Executive Lead
Sarah Jenkins	s.jenkins@apex-defense.net	Senior Threat Analyst	Security Operations Center (SOC)	Level 3 - Incident Responder
Tariq Al-Mansoor	talmansoor@apex-defense.net	Lead Infrastructure & Network Engineer	Core Network Engineering	Level 4 - Network Admin
Rachel Sterling	rsterling@apex-defense.net	Senior Compliance Officer	Legal & Regulatory Affairs	Level 4 - Audit Lead
Hiroshi Tanaka	htanaka@partner-cloudsec.io	Principal Integration Consultant	Professional Advisory Services	External Security Partner
Amara Okafor	aokafor@apex-defense.net	Junior Endpoint DLP Assessor	Security Assessment Operations	Level 2 - Auditor
Lucas Alvarez	lalvarez@partner-cloudsec.io	Cloud SSE Solutions Engineer	Partner Technical Enablement	External Specialist
Priya Sharma	psharma@apex-defense.net	Generative AI Guardrails Specialist	AI Safety & Governance Unit	Level 3 - Evaluator

Document 04: Corporate Data Governance & Compliance Directory

Regulatory Compliance Roster | Ref: APEX-GOV-2026-FINAL | Audit Horizon: 2026-2027

Document ID: APEX-REG-04-GOV	Issuing Body: Corporate Governance Board	Compliance Lead: Rachel Sterling
Executive Sponsor: David Chen	Data Protection Lead: Elena Rostova	Status: Mandated Standard

1. Purpose & Compliance Scope

This directory establishes governance responsibilities and operational contact matrices for regulatory compliance standards (GDPR, HIPAA, and ISO/IEC 27001). It maps corporate datasets to certified data custodians responsible for enforcing security controls across all enterprise endpoints.

2. Data Classification & Assigned Custodians

Classification	Information Type	Applicable Regulation	Primary Custodian	DLP Profile
Confidential PII	SSN, Financial Records, HR Files	GDPR / Privacy Frameworks	Elena Rostova	DLP-PII-STRICT
Intellectual Property	Source Code, API Keys, Credentials	Trade Secret Policy	Marcus Vance	DLP-CODE-PROTECT
Strategic Assets	Financial Forecasts, Executive Memos	Corporate Integrity Rules	David Chen / Rachel Sterling	DLP-EXEC-RESTRICT

3. Compliance Roster & Common Contacts

Shared Security Governance Board & Cross-Document Contacts

The following key stakeholders, technical evaluators, and system leads are mapped across all operational registries, DLP inspection matrices, and cloud governance policies:

Full Name	Enterprise Email	Role / Designation	Department	Security Clearance
Marcus Vance	mvance@apex-defense.net	Principal Cloud Security Architect	Enterprise Architecture & SSE	Level 5 - CISO Advisory
